

# Adalida Lewis

## FULL-STACK WEB DEVELOPER

I am passionate about creating websites that are accessible for everyone. Creative and detail-oriented with experience working through companies and directly with clients. I'm seeking an opportunity to expand my skills and contribute to a team of forward-thinking people.

---

## EXPERIENCE

### DEVELOPMENT TEACHING ASSISTANT NORTHWEST MISSOURI STATE UNIVERSITY AUG 2018 - DEC 2020

Assisted professors with lectures and lead study sessions for Python, Java, and Web Development. Contributed to the development of course material and programming projects.

### INTERN JAVA DEVELOPER PRINCIPAL FINANCIAL MAY 2018 - AUG 2018

Designed and implemented applications in Java and Spring MVC. Utilized Git for version control, working with fellow developers non-linearly. Contributed to code reviews, testing, and deployment.

### .NET CORE FRONT-END WEB DEVELOPER EVERSANA INTOUCH AUG 2019 - MAR 2025

Designed and maintained user-friendly responsive webpages, using HTML, SCSS and JavaScript. Collaborated with Creative and SEO to improve website designs. Participated in Agile and TEDAVI development processes, including daily stand-ups. Resolved defects to maintain cross-browser and responsive layouts. Used development tools to improve performance and accessibility. Maintained code on Visual Studio with Git and CMS platforms such as Magnolia. Worked with Corporate clients such as Sanofi and Regeneron and external creative agencies.
